

let's **FACE** it

We Can Now Turn Back The Clock In A Dramatic Way!

Maybe I can look 39 again!

Did you know that the Shaklee Enfuselle Skin Care System came out in 1998? And, as many of you know, it was an amazing and revolutionary product for years because it **WORKED!**

Enfuselle had many patents and truly was anti-aging ... BUT, as Dr. Shaklee said, "Science doesn't stand still, nor do we!" At our Annual

Global Conference, Shaklee rolled out a new skin care line maintaining the 8 patents found with Enfuselle, and raising the bar with even more patents!

Our new formula, **YOUTH**, has been clinically proven to **ERASE** years of skin aging! It has taken Shaklee a long time to improve the Enfuselle formula. This new skin care line is supported by "jaw-dropping" clinical studies to back-up all claims. Most companies are not willing to spend the time and money on their own clinical studies. Another major Shaklee "difference". Lorri

Competition?

The skin care products that seem to get “results” are full of chemicals and are very expensive. On the other hand, the skin care products that are free of the harmful chemicals, really do not perform well. UNTIL now!

Shaklee's new YOUTH:

Get Healthy on the “Outside”

YOUTH skin care is designed
to make sure the world sees you
as young as you see yourself.

The Power of Botanicals

The key to beautiful, younger-looking skin is cell renewal. Young skin does this effortlessly. As we age, cell renewal slows and we produce less collagen and elastin. Unlike ordinary skin care, our advanced technology goes beyond addressing aging on the surface to target the cellular level of your skin. We do this using a patent-pending Youth Complex that activates a key youth protein to regenerate cells to produce more collagen and elastin, helping your skin act younger ... so you can Look Younger Longer.

Lotus Japonicus

Patent-pending Youth Complex, infused with Lotus Japonicas, activates a key youth protein to regenerate cells to produce more collagen, elastin, and fibrillin. Youth Complex couples Lotus Japonicas with Schisandra Chinensis Fruit Extract that actually helps provide more nutrients and energy to your skin.

Muscadine Grape

Patent-pending Muscadine Grape Polyphenols protect and repair cellular DNA while blocking collagen and elastin breakdown.

Vital Repair+ Complex

Multipatented Advanced Vital Repair+ Complex provides antioxidant nutrients and essential vitamins to block skin damaging free radicals and encourage healthy cell growth.
